## Identity:

The **7th International Scientific Conference on Food Science & Technology** will take place on **November 8 & 9, 2025**, in **Athens**, at the **C2 conference hall of the Metropolitan Expo**, within the framework of the **FOODTECH exhibition**.

The Conference focuses on the challenges of **innovation and sustainability** in the food industry. Its purpose is to address technological issues and to promote solutions through interdisciplinary collaboration.

Topics will include **food safety, Industry 4.0, circular economy**, and other important subjects relevant to the sector.

The event is expected to attract the entire academic community in the field, as well as a wide range of businesses. It is organized by the **Hellenic Association of Food Technologists (PETET)** under the auspices of the Ministry of Rural Development and Food, EFET, ELGO-DIMITRA, SEVT, AGMPM, and companies in refrigeration and logistics. The Conference promises both insightful presentations and valuable networking opportunities between the academic community and the business world.
